Printer Specifications

Approval checklist for the finished sample

Production setup

- Black cotton or cotton-blend T-shirt
- Screen print or high-quality direct-to-garment printing
- White ink plus warm gold ink (#D9A441)
- Adult large target width: approximately 11.5 to 12.5 inches
- Keep artwork proportions unchanged; do not stretch, condense, crop, or retype
- Use vector SVG or PDF whenever possible

Approve the sample only after confirming

1. All wording and the complete website address are readable
2. Front uses heavy condensed lettering and centered-dot dividers
3. White and warm-gold colors are accurate
4. Front and back are centered and level
5. Print size is readable from a conversational distance

FINAL APPROVAL

Approve one physical sample before authorizing the full order.
Do not print if the website address or any message is unclear.
